

Featuring our latest technology

Water-Based Fire Suppression

The new CORE Fire Protection system features a superior water-based fire suppression system for all critical areas including cooking appliances, hood plenum and exhaust duct.

Robust

Fire protection is provided via water-based Total Flood Protection & Duct and Plenum Protection

Reliable

Electric Fire detection that results in activation every time

Real-Time

Electronic supervision, monitoring and communication of the live system

Total Flood Appliance Protection

- ▶ Total flood coverage allows for flexibility in appliance type and location under the hoods
- ▶ Simplified piping and nozzle placement

Duct & Plenum Protection

- ▶ Daily self cleaning to reduce fire hazard
- ▶ Unlimited supply of water to ensure the fire is extinguished
- ▶ Decreased maintenance cost
